SKILLS

- **Programming Languages:** C, C++, Python (for Data Science), Java, JavaScript
- **Web Technologies:** HTML, CSS, Flask
- **Databases:** Oracle, MongoDB, SQL
- **Tools & Platforms:** Git, GitHub, VSCODE
- **Core Areas:** Data Structures & Algorithms, Computer Vision, Data Science, Machine Learning, OOP, OS, DBMS, CN

LANGUAGES

- Tamil
- English (Fluent)

ACHIEVEMENTS

- NPTEL Programming in JAVA- Elite scorer
- Runner-up in Detective SQL – MIT Tech Symposium (2024).
- Attended NSS Camp(Volunteering)

SOFT SKILLS

- Critical thinking
- Team Work
- Adaptability
- Leadership
- Communication

PROFILE

Enthusiastic Software Engineer specializing in full-stack development, data structures, and scalable applications using Python, Java, and SQL. Seeking opportunities to apply technical expertise toward building innovative software solutions and solving complex engineering challenges.

PROJECTS

• Smart Grievance Redressal System

Web application - Social Relevant Project

Tech Stack: React, Node.js, MongoDB,

Developed a MERN-stack grievance portal with a team of 3 to streamline real-time complaint tracking.

• MDb(Movie DataBase) Application

Web application - DBMS Project

Tech Stack: Java, Oracle SQL, JDBC, Swing

Developed a Java Swing/Oracle movie database with CRUD and search features, collaborating with 2 peers on testing and deployment.

• Weapon detection website

Computer vision Project

Tech Stack: Python, OpenCV, HOG Features, Flask, HTML/CSS, Render

Built a real-time OpenCV weapon detection app using HOG features and Flask, collaborating with a team of 3 to deploy via Render.

• Gatepass Management(For Hostels)

Data structures Project

Tech Stack: C++, Binary Search Tree (BST), File Handling

Developed a C++ console app utilizing BST algorithms and file I/O to automate and manage hostel gatepass approval data.

CERTIFICATIONS

- JavaScript programming
- Full stack Development Workshop
- React Basics
- React Advanced
- Machine Learning
- NPTEL Programming in Java

EDUCATION

Anna University, MIT campus, Chennai

2023-PRESENT

- Bachelor of Technology in Artificial Intelligence and Data Science

CGPA - 8.3(as of Semester 4)

AKT Academy MHSS -Higher Secondary Examination: 96.66%
